**Re: Notification of Resumption of Full Power Operations
W251BH, Montgomery, West Virginia (FIN: 140998)**

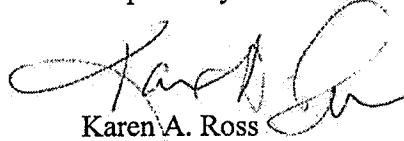

Dear Ms. Dortch:

On behalf of Educational Media Foundation ("EMF"), the licensee of FM translator station W251BH, Montgomery, West Virginia, this letter is to notify the Commission that W251BH resumed full power operations on April 29, 2010, consistent with its licensed parameters.

On April 8, 2010, EMF requested special temporary authority (an "STA") to allow W251BH to remain silent because the station had been forced off the air, on March 11, 2010, due to an unknown cause. EMF later determined that the station had been vandalized, which resulted in stolen and damaged equipment. EMF has since repaired and replaced the necessary equipment and, on April 29, 2010, returned W251BH to full power operation according to the parameters authorized in its license. As a result, the STA is no longer necessary and hereby withdrawn. Please update your records accordingly.

Should you have any questions regarding this matter, please contact the undersigned.

Respectfully submitted,

Karen A. Ross
